July 2012

Dear Parents,

The Laveen Elementary School District takes great pride in offering nutritious and affordable meals for our students. Many aspects of school food service are dictated by federal and state regulations. The 2010 Healthy, Hunger-Free Kids Act requires that school lunch prices gradually increase each year until they equal the amount set by the National School Lunch Program, which is currently $2.51. To comply with the federal requirement, lunch meal prices at all Laveen schools will be increased by 10-cents from the current price of $2.00 to **$2.10** for this coming school year (2012-2013). This change only affects students who pay full-price lunches and will not affect students who qualify for free or reduced price meals.

All parents are requested to submit free or reduced lunch applications. Participation in the free and reduced lunch program not only decreases cost to the family, it can also increase federal resources to schools for the education of students. Applications are mailed to students' homes, are available at each school, and can be filled out on-line at http://www.schoollunchapp.com/. There is also a link to this website on the Laveen District home page. Don't forget to take advantage of our free breakfast for students in the Laveen Elementary School District.

Thank you for partnering with Laveen Elementary School District to provide the best academic programs and services for our children.

If you have any questions, please call our Child Nutrition Department at 602-237-9110 ext. 2051.

Sincerely,

Dr. Bill Johnson
Superintendent
